CinemaScope For Pahokee Theatre

est methods in modern screen pres-mation, CinemaScope, makes its low to local audiences at the bow to local audiences at the Prince Theatre, commencing Sun-day February, 27. Film selection is "Knights of the Round Table," in Ava Gardener and Mel Ferrer, with a cast of thousands.

This new method of picture pro-

jection is a matter of "squeeze" and "unsqueeze" and therein lies the "unsqueeze" and therein lies the secret of CimemaScope presentation. The "squeeze" lens is known as the Anamorphoscopic, (that's a jaw breaker of a word) and the "unsqueeze" is accomplished with the Hypergonar. These two instruments give you the illusion of depth without the aid of glasses and greatly enhance the beauty of the

picture.

Robert Douglas says he enjoys be-ing mean on the screen. Douglas has established his movie reputa-tion portraying the more brutal side of life. And the meaner he gets the more he works. He says he de-cided to spend his life being a screen rotter a number of years ago while working as a young actor on the London stage, "It was tough period in the theatre at that time," he says. "And the only three actors in says. "And the only three access ... London who were drinking their London who were drinking their tea and eafing their crumpets reg-ular were speatialists in heavy roles. Juvenile leads and drawing-room heroes seemed to have an eternally hungry look on their faces." Douglas has coined the word "twist-heavy" to describe his type of acting, specializing in those type of roles in which he seems on the surface a nice sity up untif the the surface a nice guy up until the end when the audience suddenly discovers he's somewhat of a "cad." "That's when they hate me." he smiles, "when I've taken advantage of them and fooled them."

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan: Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dellars a week, Ka.

The answer is that you save systemátically on the Payroll Savings Plan: All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, before you get your salary. Then each time enough has accumulated, it is invessed in a Bond, and the Bond turned over to you:

And remember—your U: S: Savings Bonds now will bring you an average of 3% interest, compounded semiannually; for 19 years and 8 semble. That's why the maney you put into Boads now gress to such a susprisingly big sum: Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you re self-employed, have your banker enroll you in the Bond-A-Month Plan—It,'s as easy as the Payroll Savings Plan:

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save	\$3.79	\$7.50	\$18.75

This chart shows only a few typical examples of savings geals and how to reach them through Payroll Savings. You can save say sum you wish, from a couple of dollars a payday up to as much in you want. The innoctant thing in saving ware Park to saving.

Defense is your job, too!

This is a day of derams come truit ... for the returning Korean War veterans presses g against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over the nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job ... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong dependable as these men have made her milita power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, strength is America's surest guarantee of peace.

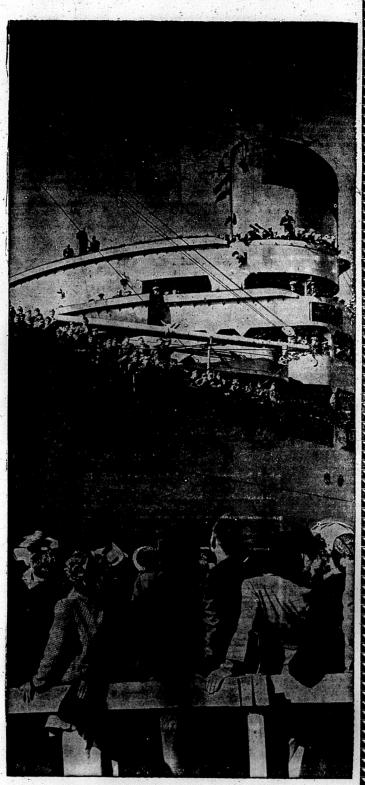

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

The U.S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy then ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them'as one of the safest forms of investment.

Peace is for the strong.... Buy U.S. Defense Bonds now!

Introduced by Mrs. Bobert Hatton, who was in charge of the program, the speaker told of the alarming rate of subsidence of the Everglades mucklands, caused mostly by the oxidizing action of aerobic bacteria. The more intensely the muck is cultivated and, the lower the water table, the greater the subsidence, he said. The most effective means found to date for growers to check the rate of subsigrowers to check the rate of subsi-dence of their muck farmlands are to maintain the water table at the highest possible level at all times and to keep land flooded during all periods of idleness, according to Mr. Stevens.
